TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Freedom, N. H.
in the County of Carroll in said State, qualified to vote
in Town Affairs:

You are hereby notified to meet at Town Hall in
said Town on Tuesday, the 9th day of March, next at
nine of the clock in the forenoon, to act upon the
following subjects:

1. To choose all necessary Town Officers for the
year ensuing.

2. To raise such sums of money as may be
necessary to defray town charges for the ensuing year
and make appropriations of the same.

3. To see if the Town will vote to raise the sum
of twenty-four hundred and twenty-five dollars to
defray town charges, consisting of town officers'
salaries, town officers' expenses, election and registra-
tion, and town hall and Tractor Shed expenses and
appropriate money for the same.

4. To see if the Town will vote to raise the sum
of three hundred dollars for use of hydrants and
appropriate money for the same.

5. To see if the Town will vote to raise the sum
of seven hundred and ten dollars for street lights, and
appropriate money for the same.

6. To see if the Town will vote to raise the sum
of two hundred dollars for cutting bushes, and appro-
priate money for the same.

7. To see if the Town will vote to raise the sum of two hundred and four dollars for Public Library, and appropriate money for the same.

8. To see if the Town will vote to raise the sum of six hundred dollars for sanding winter roads, and appropriate money for the same.

9. To see if the Town will vote to raise the sum of eighteen hundred dollars for breaking winter roads, and appropriate money for the same.

10. To see if the Town will vote to raise the sum of five hundred and thirty-nine dollars and ninety cents for class five roads, the state will contribute three thousand five hundred ninety-nine dollars and thirty-three cents under the proposed new law, and appropriate money for the same.

11. To see if the Town will vote to raise the sum of one hundred and fifty dollars for putting up snow fences, and one hundred dollars for new fences, and appropriate money for the same.

12. To see if the Town will vote to raise the sum of five hundred dollars for repairing the West Ossipee road, and appropriate money for the same.

13. To see if the Town will vote to raise the sum of eighty-three dollars for Lakes Region Assn., and appropriate money for the same.

14. To see if the Town will vote to raise the sum of two hundred dollars for town poor, and appropriate money for the same.

15. To see if the Town will vote to raise the sum

of twenty-three hundred dollars for Old Age Assistance, and appropriate money for the same.

16. To see if the Town will vote to raise the sum of one hundred twenty-five dollars to help defray the expenses of Old Home Week celebration for August 1954, and appropriate money for the same.

17. To see if the Town will vote to raise the sum of twenty-five hundred dollars for summer highways, and appropriate money for the same.

18. To see if the Town will vote to raise the sum of eight hundred dollars to paint and repair Huntress Bridge, and appropriate money for the same.

REPORT OF SELECTMEN

We have Kenneth Alexander to thank for the picture on the front of this report. It was taken Jan. 6, 1912. It is interesting to note the many open spaces around the village in those days, and also the lack of snow.

In this article we would like to tell you a few things that have happened in the past and also things to come.

Warrant: —

First relating to Article 25 in this year's warrant which deals with the Yield Tax on wood and timber.

A few years ago the State Legislature passed this bill and all towns in the State had to revalue their wood and timber lands, placing a tax on land only. The wood or timber would be taxed to the person who owned it at the time of cutting.

Each town reported to the State Tax Commission how much they would lose that year due to this bill, if said town did not have any wood or timber cut.

From these figures the Commission each year sends a report to your Selectmen on how much the town would lose. This is based on the current tax rate of each town.

In this bill a fund was set up to pay back to town any money they lost, because of no wood or timber cut.

If a town has more wood or timber cut than the State figures they would carry the extra tax money in our treasury (and used if the town sees fit), until such time as the town does not equal its loss in tax. Then the town pays to the state as long as this surplus lasts

after this is gone the state will pay the town each year for a loss.

Freedom at present has \$2403.04 surplus with a good chance of increasing this in 1954. Article 25 wants to take \$1500.00 from this surplus and use on the West Ossipee road. There is one thing to consider, any money taken from this surplus may have to be raided in future years but our road will be built and we feel it would be a good investment.

Article 26 should be given much thought. One of our neighboring towns, much larger than we are, put this in effect last year, and it has worked out very well.

Due to the very short supply of men and equipment to work on our roads, it is getting more difficult each year to have a good job done.

Our dirt roads are getting worse each year due to lack of money and our present road system.

The money we now spend could be made to go further and show improvement at the same time.

Maybe this is not the answer to this problem but something will have to be done in the near future to even hold these roads in their present condition.

Grader: —

Last spring we were faced with the problem of doing something about a small road machine. The one we had was beyond repair for practical purposes.

The machine we decided on is motorized and this gives us a chance to get an income from it. This machine cost \$1000.00 second hand. When our books closed in December it had earned \$1024.00 from the

State T. R. A. and we had it to use on the roads all summer.

Falls Bridge: —

It was hoped by this time a new bridge would be in the making, but Effingham ran into trouble which was no fault of their own. Soon after the first of July 1954, they will be in a position to go ahead if they so vote it at their Town Meeting.

About Assessing: —

In the near future you will receive your Inventory of Property blank, which should be filled out and returned to your Board of Selectmen on or before April 15. Please do not write on them, the same as last year, describe what you own giving the number of acres to each tract of land.

Maps: —

Last April your Selectmen started to make new maps of all the shore property in town. This, at the present time, is not completed but should be in the near future.

A large amount of tax was collected due to this. Lands and buildings that have not been taxed in the past were picked up. In some cases people were paying taxes on property they did not own.

Thanks: —

We would like to thank Sylvia Stokes for the large share of typing she did in making up this town report.

REPORT OF FOREST FIRE WARDENS

The fire season of 1953 was not a very pretty picture. It started out in fine shape with plenty of rain during the spring months. The month of June was the end of the rains and then a period of dry weather. During June we had quite a few lightning storms without any rains. On June 21 and 22 we had one of these storms that started over 43 fires in this state including the Mt. Shaw fire.

People burning without a permit or burning in unsafe places or at unsafe times were the cause of our largest number of fires. It is hard to believe why people do this when they have the expert advice of their town warden who is as close to them as their telephone. Your town Forest Fire Warden is not going to stop you from burning your rubbish or your old fields, but he wants you to burn in a safe place and at a safe time. You must remember it is unlawful to burn without a permit from your Forest Fire Warden.

We have inherited a tremendous responsibility in the priceless treasure of our natural resources. To keep these natural riches we must guard them from all destructive agents. The foremost among these agents is Fire — man's best servant but worst enemy.

**REMEMBER — ONLY YOU CAN PREVENT
FOREST FIRES!**

ANNUAL REPORT OF SCHOOL NURSE

The Orthopedic Clinic for postural defects (including flat feet) was held in April and October at Center Ossipee. Several Freedom children attended.

There was an immunization clinic in the spring that our children under eight years needing booster shots were allowed to attend.

The usual spring and fall heights and weights were recorded on the individual health records. Also, the routine vision check was made. Notices were sent home by those with defects suggesting a re-check be made with the family eye doctor.

The Maico machine was used to check the hearing in the spring. Since other nurses use the same machine for their schools we must wait for our turn; thus the hearing has not been checked for the present school year.

At the beginning of the year the physical examinations for 1952 - 53 were completed by Dr. Allen of Wolfeboro. For the current year the physicals have also been finished. The dental problem seems to continue to top the list of physical defects found among our school children.

Respectfully submitted,
AMY L. BROWN, R. N.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Freedom:

During the school year 1952 - 53 the teachers in the Freedom School were Mrs. Ethel Ramsdell, grades 1 to 4; and Mr. Robert Kenney, grades 5 to 8. In September of the current year Mrs. Ramsdell continued with the primary group and Mr. Edmund Weston replaced Mr. Kenney in the upper grades. Mr. Weston is a graduate of Keene Teachers' College. We are fortunate to have such competent teachers.

During the last year there was an enrollment of 44 pupils with an average membership of 40. Twelve pupils were enrolled in high school. The elementary school this year has about the same number. The high school enrollment has increased, with 15 at Kennett High School, one at Brewster Academy, and one at Fryeburg Academy, making a total of 17 pupils. This number should remain practically constant for the next two or three years.

Tuition cost at Kennett High School currently is \$270.00 and will be \$285.00 next year.

During the past summer the exterior of the school building was painted, making a marked improvement in the appearance of the building. The automatic heating system installed last year makes the building much more comfortable and healthful. A project that should be considered for the future is the installation of flush toilets.

Mrs. Amy Brown, R. N., continued her efficient service as School Nurse. In addition to regular school visits and home visits she has arranged several clinics.

Among these was the clinic for the fluorine treatment of the pupils' teeth, a service provided by the state Department of Health.

The Activity Program now under way and directed by Mr. Weston will make a very valuable addition to the educational experiences provided for Freedom boys and girls. Several parents are co-operating to make this possible, and their contributions of material, time and labor are much appreciated. This kind of program contributes not only to physical development but provides one of the best means of teaching good citizenship. This is a highly commendable project.

The active cooperation of the School Board, teachers, pupils, parents and citizens is gratefully acknowledged.

Respectfully submitted,
EVERETT H. BRASIER
